“Best Current Practice and Research Priorities in Active Surveillance for Prostate Cancer-A Report of a November International Consensus Meeting”.

Urotoday January 31, 2023 [www.UroToday.com](https://www.urotoday.com/recent-abstracts/urologic-oncology/prostate-cancer/142124-best-current-practice-and-research-priorities-in-active-surveillance-for-prostate-cancer-a-report-of-a-movember-international-consensus-meeting.html)<https://www.urotoday.com/recent-abstracts/urologic-oncology/prostate-cancer/142124-best-current-practice-and-research-priorities-in-active-surveillance-for-prostate-cancer-a-report-of-a-movember-international-consensus-meeting.html>

Good Memorial Day Weekend!

Here's strong evidence that the medical community is looking at standardizing detection and treatment modalities for low grade prostate cancer and is moving towards international consensus. This is exciting news for AS patients who hear so many different things about detection and treatment of Gleason 3+3 and low grade 3+4 P Ca. [Click on the link above.](#)

We look forward to seeing you on Zoom this Thursday from 5:00 to 7:00 p.m. for our first presentation by Orange County City of Hope / UCLA Oncologist Sandy Liu, M.D. Here's a link you can bookmark:

Join us at <https://us02web.zoom.us/j/85477749453>

Meeting ID: 854 777 494 53. One tap mobile: +1-669-900-6833, 854 777 494 53# (San Jose)
